
A well-prepared enquiry.

Gather useful information before your conversation.

01 Your needs

Rooms, comfort concerns, intended use and timing.

02 Existing equipment

Heating type, ductwork and model shown on the nameplate.

03 Useful photographs

Room overview, proposed location, existing equipment and accessible nameplate.

04 Documents

Selected references, previous invoice or service record, warranty questions.

Photograph accessible areas only; do not open equipment panels.
Keep people and personal documents out of the frame.

My starting point.

Rooms / zones to serve

Current equipment and ductwork

Reference(s) being considered

City and building type

Preferred timeline

Constraints and questions

Equipment and capacity will be assessed with the professional.
